FIRESIDE CHAT: STRUCTURING
INVESTMENT OPPORTUNITIES WITHIN
THE CREATIVE INTELLECTUAL
PROPERTY (IP) ASSET CLASS

Exploring the challenges and
opportunities of investing in Africa's
creative industries, strategies for
overcoming these challenges and
unlocking investment opportunities in
the sector, including best practices for
due diligence and deal structuring.

Discussion around the current state of
the industry, and examine how private
capital can help revolutionize the
sector. Attendees will gain valuable
insights into the potential of Africa's
creative industries and learn how to
navigate the investment landscape.

PANEL 1

PRIVATE CAPITAL OPPORTUNITIES

As we navigate through global
economic uncertainty and witness
the evolving economic landscape
within Nigeria, the private capital
space has experienced a downturn
in activity. Against this backdrop, our
panel aims to address the challenges
that lie ahead in Nigeria's private
equity and venture capital space
and delve into the diverse ways
private investors can succeed in the
current environment, including what
unique, exciting opportunities may
be apparent amidst the challenges.

PANEL 2

LP OUTLOOK: GATEWAY TO ACCESSING CAPITAL

Nigeria's current macroeconomic
landscape and global PE/VC market
impacts general partners' ability to
raise capital – from both local and
foreign capital pools. Given this, our
panel of experienced capital
allocators will delve into the
intricacies of accessing capital
considering the current environment
in Nigeria, including sharing LP
sentiments, highlighting fund
strategies that LPs find attractive as
well discussing alternative financing
models.

PANEL 3

THE RISE OF VENTURE CAPITAL IN NIGERIA

As Nigeria and the rest of the world
continues its journey towards a more
sustainable future, the role of
infrastructure and the transition to a
greener economy has become
increasingly important. Highlighting the
role of the private sector in driving this
transition, our panel aims to explore
developments in Nigeria's
corresponding private capital market,
including avenues for fundraising for
climate resilience/adaptation funds as
well as spotlighting exciting portfolio
companies.

PANEL 4

INNOVATING BEYOND PAYMENTS – ALTERNATIVE FINTACH SOLUTIONS

As Nigeria's fintech landscape continues
to evolve, there are opportunities for
private equity and venture capital
investments beyond digital payments
that merit exploration. Considering this,
our panel aims to delve into a range of
fintech solutions emerging in Nigeria –
from cryptocurrency to digital banking
to peer-to-peer lending platforms – and
how they are disrupting traditional
banks and transforming Nigeria's
informal sector.

PANEL 5

PLANNING FOR SUCCESSFUL EXITS AND PERFORMANCE

Despite the uncertainty in Nigeria and
beyond, the ability to deliver strong
performance and execute successful
exits remains paramount for private
equity and venture capital investors.
Given this, our panel aims to provide an
overview of the exit and performance
landscape in Nigeria, including exploring
the challenges and best practices of
executing vision and creating value in
the current landscape.
